**Joint WFE Developing Markets Forum - FIAB Annual Meeting**  
7-8 September 2009, Lima

As part of its collaboration with regional federations, each with its distinct styles and needs, WFE will hold its annual developing markets forum in conjunction with the FIAB annual meeting. The Bolsa de Valores de Lima is pleased to be hosting.

This WFE Forum has been held regularly since 1995: Paris, Cancun, Istanbul, Kuala Lumpur, Beijing, and most recently in Cairo. The WFE Board of Directors attaches particular importance to lending a hand to newer exchanges and member exchanges in developing economies. The transfer of knowledge has been significant over this period, as demonstrated by the ever evolving nature of the subjects addressed.
